

Purchasing and Customizing a Stick Set or Group Package

At FloorballPlanet, our goal is to provide excellent value for our customers. When it comes to purchasing floorball stick and equipment sets, we not only offer great value but we provide a great deal of flexibility so that you can easily customize a package that is just right for your organization.

To purchase a group package, you have 3 options:

1. **Start with one of our preconfigured stick sets.** All of these sets are built around one of our straight blade sticks. Most stick sets give you the option of changing the stick lengths or adding an instructor stick. Once you have selected a set and added it to your cart, you can customize your order to include additional sticks (including a full range of precurved sticks), extra balls, bags, goals, or training materials. Once a basic stick set is in your cart, all qualified items are available at a 10% discount. The discounted price is displayed for the product (except for sticks which have volume discounts listed in a table). The actual price will always show up in your cart.
2. **Start with Individual Sticks** and configure a group package from any of the products listed in the “School and Recreation Packages” category. To customize an order this way, you always need to begin with your stick selections. You can choose any of our straight blade sticks but can also select from several precurved beginner stick models. To qualify for discounted pricing on additional items such as balls, bags and goals, you must have at least 5 qualifying sticks in your basket.

You will typically need several sizes and colors/sides of any stick model. You can select and order these quickly and easily. Once you are on the appropriate stick page, look for the attributes which are typically displayed in a drop-down box below the price or price table. Select your first attribute. For example, if you are buying the Campus 34 stick, you might start with the 85 cm, Lime. Enter the desired quantity and select “Add to Cart”. Your product selection will show up in the mini-basket but you will stay on the same product page. Choose another attribute, select the quantity and add to the cart. Continue adding sticks as needed.

Once you have added at least 5 qualifying sticks, you can then select any other qualifying products (they are all displayed in the “School and Recreation Packages” category) and add them to your basket. You can choose from additional floorball sticks, balls, bags, goals and training materials.

You can review your cart at anytime and of course before you are ready to check out. If you need to make a change, you can change the quantity or remove any item from your cart. You cannot directly edit the product in the cart. If you need to make a change, (for example, you ordered 85 cm sticks and you decide you really need 95 cm sticks), click on the product in your cart and you will be taken back to that product page. Select the correct attribute and quantity, add to cart and then remove the item in error from your cart.

Keep in mind, in addition to the item discounts when you purchase a group package, you are also entitled to an additional 10% discount for orders over \$500 and 15% discount on orders exceeding \$1,000. We also offer free ground shipping on any order over \$100 with the exception of goals which

require separate packaging. The goals which qualify for free shipping are the folding PVC goals (FloorballPlanet Easy Goal or Accufli Clicgo Goal).

3. **If you are unable to place an order online** – either because you need more customization or if your organization requires a PO or payment terms other than a credit or purchase card, you can download one of the order forms below. Choose an Excel format to create an order with amounts calculated or select a PDF version to print and then fill out by hand. Email or fax the order to us and we will take care of the rest.

As always, if you have any questions, call us at 817-806-5002 or send us an email at sales@floorballplanet.com
